

Wire Harness Fabrication

Capabilities

- Lengths up to 100 feet
- Kitting of parts / Connectors
- Assembly
- Precision stripping
- Wire Pull Testing
- Conductivity Testing
- Automated Cut to length
- Multi-color wire processing
- Labeling
- Harness Looming
- Terminal Crimping

Engineering & Technical Support

- Design for Manufacturability (DFM)
- Process optimization
- Value engineering / cost reduction

Quality & Certifications

- ISO 14001
- ATF 16949
- PPAP capability
- First Article Inspection
